

How to Do Business with Pharma and Medical Technology Companies

New Jersey's biopharmaceutical and medical technology companies purchase more than \$6.5 billion worth of goods and services from thousands of local New Jersey suppliers. This purchasing power supports more than 350,000 spin-off jobs throughout the New Jersey economy.

The Somerset County Business Partnership and the HealthCare Institute of New Jersey (HINJ) are teaming up to invite you to a special event so you can learn how to do business with biopharmaceutical and medical technology companies and about the issues facing New Jersey's life sciences industry.

8:00am: Registration & Networking
8:45am: Program

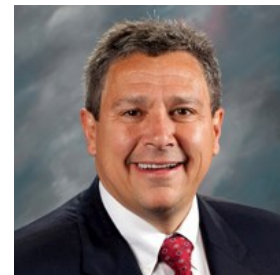

Thursday
November 2, 2017

**Raritan Valley
Community College**
Route 28 & Lamington Road, North Branch

Moderated by:
Dean J. Paranicas,
HINJ President & Chief Executive Officer

Featuring Speaker:
Senator Christopher 'Kip' Bateman

Procurement executives from Eli Lilly and Allergan will be present to answer your questions on how to become an industry vendor, and will discuss trends in procurement and best practices.
